

SUSAN CHEN  
HONG KONG MARITIME MUSEUM  
ACQUISITION FUND

To honour the long and distinguished contribution of the late Susan Chen, collector, connoisseur and supporter of the Hong Kong Maritime Museum, the Museum Board has approved the creation of the Susan Chen Hong Kong Maritime Museum Acquisition Fund.

The purpose of the fund is to encourage the continued growth of the Museum's collection of material associated with China's maritime heritage, in particular that associated with the history of the Pearl River Delta.

An Acquisitions Committee headed by the Museum's Director has been established and will make periodic recommendations to the Board regarding the purchase of significant items that will enhance the Museum's international reputation and scholarly standing.
