## Biography

Nancy Kong (江惠群) was born in 1927 to a local family at Kowloon. She worked in an accounting firm during her career path. In 1949, the Hong Kong Regiment was reorganised and became part of the Hong Kong Defence Force and included the air and naval units. Nancy joined the service as a volunteer in naval rating from 1949 to 1952, where she learned shooting rifle. During this period, she had received 11 silver cups, 6 silver spoons and 6 medals from various shooting competitions. The most outstanding award was her championship in the Hong Kong Ladies Champion in 1952. After discharged from the Navy, Nancy met her soldier husband Bill Griffiths and left Hong Kong for the United Kingdom in 1952. Nancy passed away at the age of 85 in 2011.

## Scope and content

The personal photographs and newspaper clippings in the Nancy Kong Collection reflect her outstanding performances at shooting competitions during 1949 and 1952. The collection also includes competition certificates issued by the National Rifle Association in the United Kingdom and documents recording Nancy's success in this sport. The collection was compiled by the husband as a memorial to his beloved wife.

## Restrictions and Ownership

The materials are open for research consultation. The copyright permission of the photographs is restricted to the Hong Kong Maritime Museum. Reproduction of newspaper clippings is not allowed due to their unknown sources and copyright status.
